NOTES:

1. Design and development activities for Phases 2 and 3 may be concurrent. Design and development activities for Phases 2 and 3 may also be concurrent with evaluation activities in either phase.

2. For Phases 1, 2 and 3, evaluators will use the applicable evaluation checklist and Discrepancy / Modification form.

3. For Phase 4, Learners will document the end-user tryout of the prototype WBI module using the Learner Evaluation Checklist and Discrepancy / Modification form.
